

## Assignment: 49. Project: Media Coverage of September 11

"Where were you when you first heard about 9/11 ?" has become a common question in America — just as, years ago, "Where were you when you heard that Kennedy was shot?" was a common question.

These were defining moments in American history that had a lasting impact on everyone who was there, and Americans relied on the media to find out about the attack.

- For this assignment, **find three people who remember the Kennedy assassination AND remember the attacks on 9/11.**
- You will compare their experiences and people's experiences with media coverage between the two events.
